## Round One - **Duluth, Minnesota** **Spirit Mountain December 11-13, 2009**

The season started out difficult for BOSS, as Turcotte failed to make the Pro Stock Final on Saturday in Duluth. Sunday faired a bit more favorable, as Turcotte advanced to the PRO MOD main in the 8th place position on the front row. Four laps into the race, Turcotte took a dramatic off along the front grandstand stretch, sending him sailing and locked in a battle to saddle back up. He crossed the line in 17th place.

## Round Two - **Milwaukee, WI** **Milwaukee Mile, December 18-20, 2009**

ISOC's first visit to the legendary Milwaukee Mile produced a fast competitive track. Turcotte struggled to advance through the pro stock field on Saturday. Battling in the stock LCQ Turcotte missed the main by one slot. Sunday brought good finishes in MOD qualifying for BOSS Racing as Turcotte entered the Main as the fifth fastest qualifier after taking two 2nd place finishes in his heat races. Turcotte crossed the finish line in 5<sup>th</sup> place, as the fastest Ski-Doo rider of the weekend.

## Next Event: **Winter X Games 14**

BOSS Racing will join over 200 of the world's best action sport athletes in Aspen Colorado to compete for Gold in the Winter X Games 14 January 28-31, 2010
