Jimmy John's has been a key ingredient in the team's success since 2011, when Jimmy and team owner Garry Querel first met at the Eagle River World Championship Derby in Eagle River, Wisconsin. The partnership culminated in the first national Pro snocross championship for each last season, when Elias Ishoel captured the class point title after a dominating season.

Ishoel and Pro teammate Aki Pihlaja are all set to defend when the 2019-20 season opens in Duluth, Minnesota in late November. Rising star Jordan Lebel is also hungry to prove himself as he begins making his way up the amateur ranks after collecting a number of Junior class championships.
